

1. Print these cards from your phone using AirPrint or Cloud Print, or from your PC by browsing to <http://zgam.es/TWOTWmarkers>

2. Cut the cards along the lines.

3. Place the cards in front you. Make sure that the cards are not placed upside down.

Tip: Placing the cards on an even and well-lit surface improves performance of the app.

4. Now view the cards with the TWOTW:AR app*, and enjoy Augmented Reality with the Martians!

*The TWOTW:AR app should be installed beforehand from one of the following locations:

Apple Appstore: <http://zgam.es/TWOTWAR>
Google Play: <http://zgam.es/TWOTWARG>
